Model 9-01-20
Size: Kid's face mask
Front (top fabric and lining)
Fabric cotton - 2 items
Mask model **9-01-20**

**Recommended materials:**
- fabric cotton - 40x20 cm (15.8x7.9 inch)
- elastic 30-40 cm (11.8-15.8 inch). The width of the elastic should be 0.5-0.7 cm (0.2-0.3 inch)
- wire for handicraft 8-10 cm

* Sew masks to use fabric with the composition 100% cotton

Prepare pattern pieces

Step 1  Printing the Pattern

What you will need:
- Printer and A4 paper
- Sellotape
- Scissors
- Ruler
- Pencil
- Program Adobe Reader

Open pattern in Acrobat Reader.
Click "Print". In the opened window, set the options print as shown in the picture
Before you print the entire pattern, you need to print the first page in a pattern that has a "test square"

If you want to print only the Pattern, then in "Pages to Print" instead of "All" click "Pages" and enter 1-2
Step 2: Check the size of the test square

The sides of the test square are exactly 5 cm (1.97”).

Once you print a page with a text box and it measures exactly 5cm, you can print the entire template!

If the sides of the test square are not equal to 5 cm (1.97”), you need to change the print scale of the pattern to a greater or lesser value:
Cutting fabric pieces

**PATTERN PIECES**

<table>
<thead>
<tr>
<th>Cotton fabric:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Front (top fabric and lining)</td>
<td>2 items</td>
</tr>
</tbody>
</table>

*Make sure you mark the seam allowance lines on the WRONG SIDE*

The pattern has a seam allowance

Seam allowances are equal to 8 mm

For sewing face masks use a straight stitch on the sewing machine

![Fabric with seam allowance](image-url)
Sewing

1. Sew elastic bands to one of the parts. Length of one elastic band 18-20 cm (for adult) and 15-18 cm (for kid)

2. Lay the front and back right side inside. To equalize edge. Sew on the machine
3. Turn out on the right side and iron

4. Attach the wire for handicraft to the top seam inside
5. Secure the wire for handicraft with a stitch and Bar tack

6. Lay the creases using markers on the pattern. Secure with sewing pins
7. Fix the creases on the sewing machine. It turned out like this:
